CHILL CURE

Fever & Ague, Chills & Fever,

FEVERS and DISEASES are permanently cured by Magill's Chill Cure, Tonic and Appetizer.

Hose not contain Arsenic, Calomei, Hercury, Quinine, or Injurious Drugs

—Don't forget this it you value health. Many medicines now on the market rely on one or more of these poisons or strong drugs, or upon others equally as bad for what little claim they have to merit. At best they only give temporary relief and are liable to permanently injure the system. Magill's Chill Cure, Tonic and Appetier is positively tree from these and every other harmful ingredient and may be given to young children or persons in feeble health without possibility of a shadow of injury being produced. The proprietor holds himself responsible for this statement and pledges himself to the public to guard and protect the absolute purity and great merit of this medicine by personal attention to its manufacture. He receives many letters from persons saying they have been hundage ed by worthless medicines. This naturally makes them ske dical and is likely to destroy confidence even in naticles of real merit. Hundreds of statements similar to the one given h-rewith could be published if our space allowed of it. The proprietor refers to thousands who have used this medicine and are advising others to use it as evidences of its merit. From J. Singleton, No. 271 Jefferson Street, Louisville, Kya, March 10, 1879: "I suffered for many years almost constantly with Fever and Ague or Chilis, had several doctors, used Quinine and other medicines freely, all failed to cure me, was completely unfitted for work, Magill's Chill Cure, Tonic and Apacteer cured me hast August and I have enjoyed perfect health ever since. I gamed rapidly in flesh and strength. I believe this medicine possesses most remarkable merit, and in my case it was apparent from the very first dose I used." Price \$1.00 per bottle. For sale by druggists and general dealers.
